# DIGITAL AUTOMATION CLUB

Emerging Trends & Current Technology & Tools

# Sessions

**MAY 19** □Introduction to the Club & □ Digital Automation Terms

**MAY 26** □Emerging Trends & □ Current Technology, Tools

**JUNE 02** □Real-World Use cases & building a□Business Case

**JUNE 09** □Center of Excellence (CoE) & □□Best Practices

**JUNE 16** □Process Mining and □Intelligent document processing

**JUNE 23** □Automation Operations & ⚠ Other topics

# Agenda

- ⚒ TOPICS FOR TODAY: TRENDS AND TECHNOLOGY
  - ○ BRAINWRITING (10 MIN X 2)
  - ○ GROUP THINK & VOTING (12 MIN X 2)
  - ○ KEY TAKE AWAYS (10 MIN X 2)
- ▢ BREAKOUT: 1 ON 1 - RECEIVE FEEDBACK (10 MIN)
- ▢ LOOKING AHEAD: USE CASES & BIZ CASE (5 MIN)
- ?Q & A

# Automation Trends

# Brainwriting

Add your thoughts to the   Digital wall

□ **YOUR THOUGHTS ON TRENDS**

**10 mins**

**1 Idea   per note**

# Let's vote!

Add your votes on the   Digital wall

**2mins**

What's your top 5 trends?
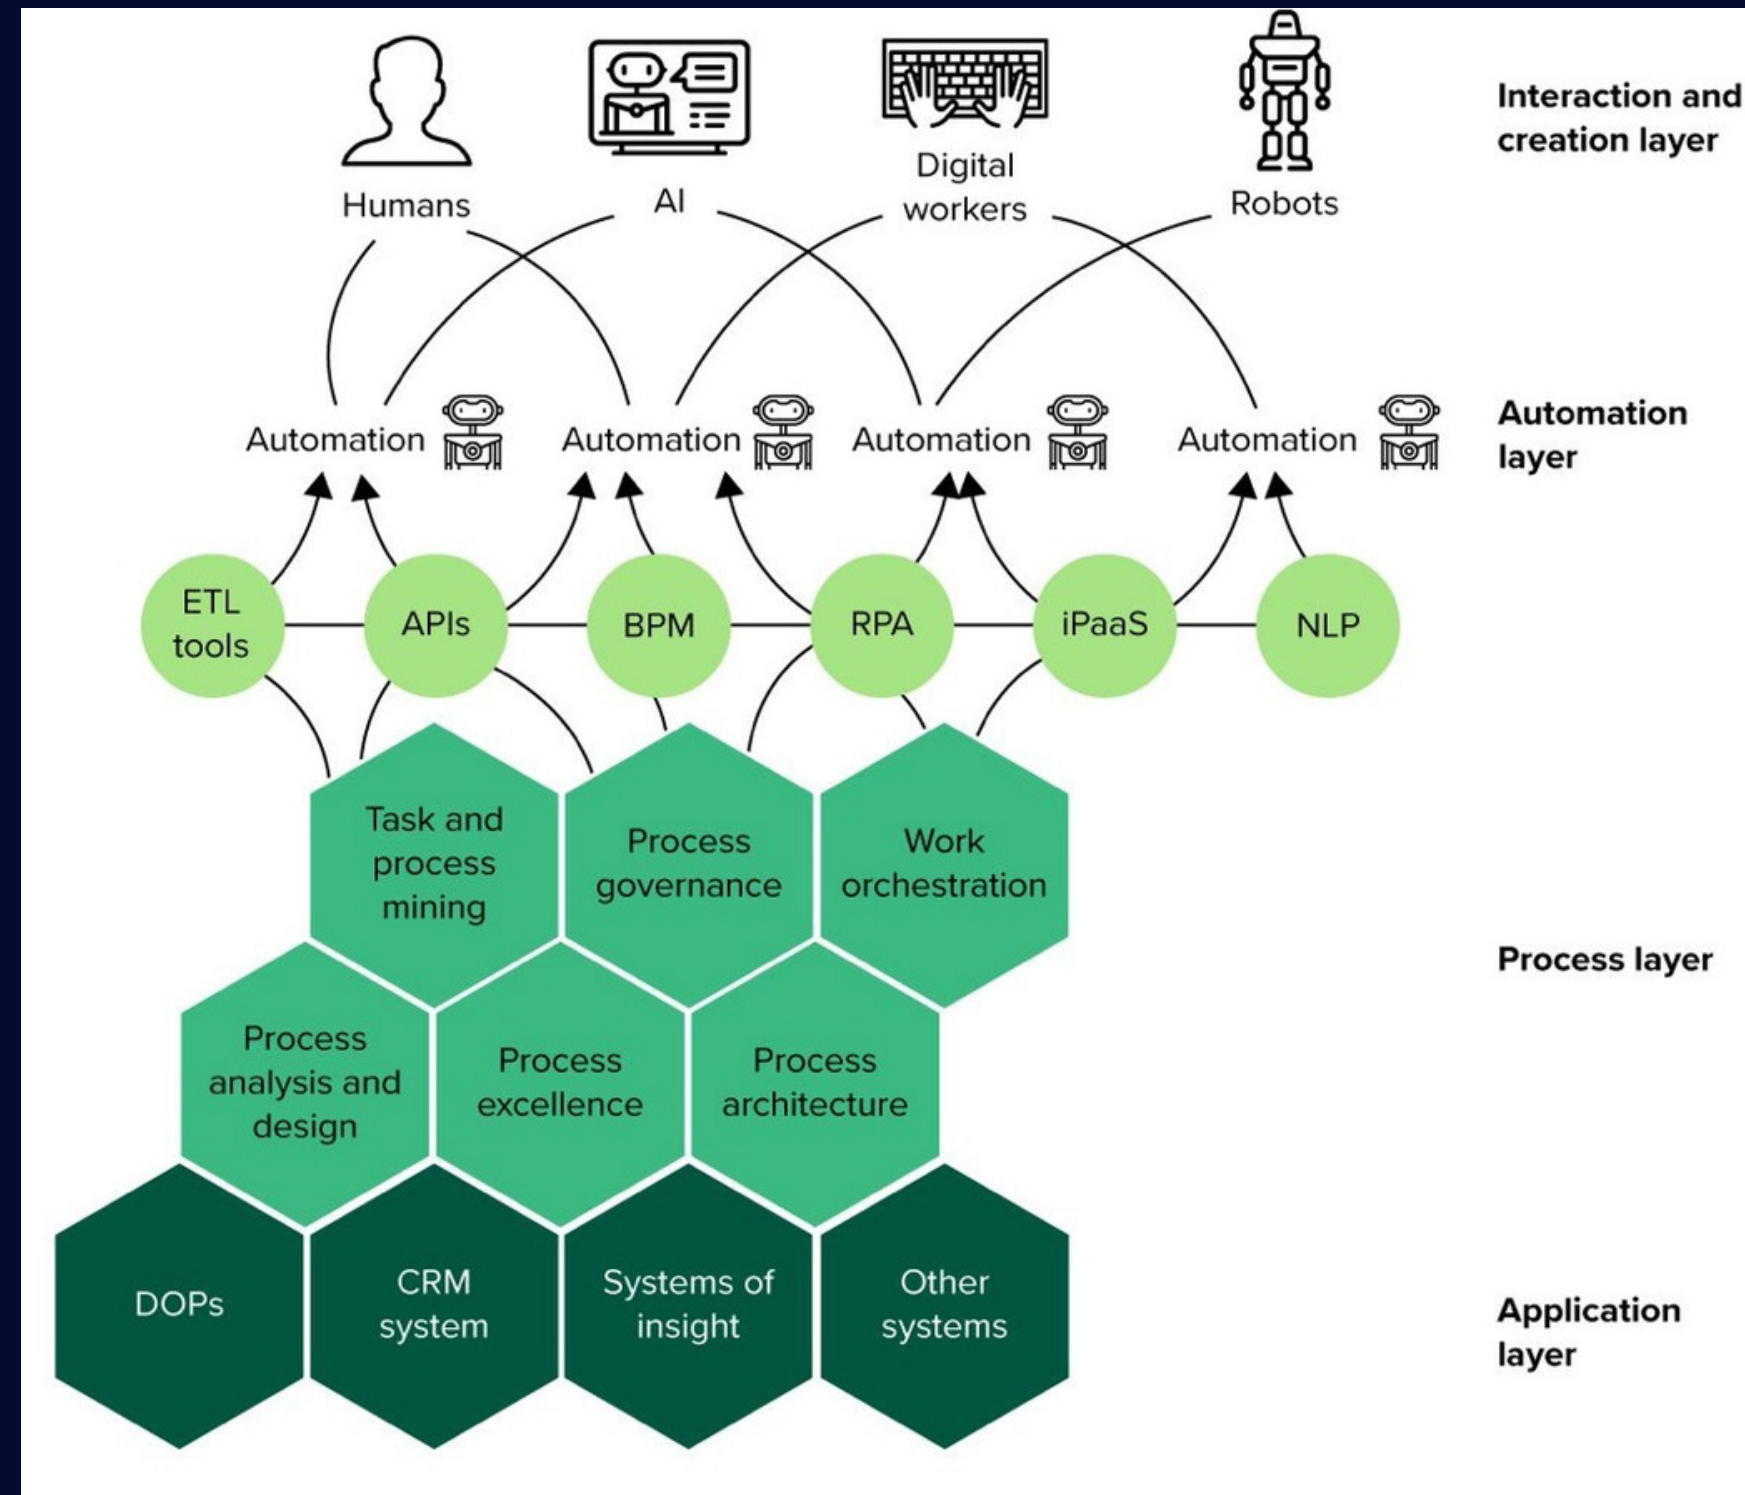

# Group Think

10 mins

Share your thoughts on one trend!

# Summary of Trends

THE MOST PROMISING TRENDS THAT WE ARE SEEING ACROSS ALL THE AREAS

# Automation Is The Application

Automation Technology & Tools

**Filter by tag**

All | RPA | Process Discovery | IDP | Learning version | Free Version | DPA | Open Source | Conversational AI | Contact Center | IT | Content Management

**Pegasystems**
Low code, Digital Process Automation (DPA/iBPMs) provider.

**UiPath**
UiPath is an easy to use RPA tool with a comparatively low learning curve.

**AutomationEdge**
A cloud based RPA-as-a-service focused on IT automation.

**Kofax**
Kofax is strong in content management and Kofax RPA is used to enhance that.

**Blue Prism**
Blue Prism is widely considered as the pioneers in RPA.

**Microsoft**
A broad cloud-based Automation platform with RPA, AI, and more.

**Datamatics**
TruBot is an RPA with IDP, AI and Analytics.

**Samsung SDS**
Samsung Brity RPA is an NLP powered conversa...

**OpenBots**
Open RPA is an easy to use RPA tool with

management comparable to other tools.

**2mins**

What's your top 5 Tech areas?

(w.r.t impact on automation)

# Group Think

**10 mins**

Share your thoughts on one Tech area!

# Summary of ⚒Technology

## THE MOST PROMISING TECH THAT WE ARE SEEING ACROSS ALL THE AREAS

# Complex & Fast Evolving

Source: Forrester Research

# Quick Take . Breakouts. Look ahead

# Composable Experience

# Automation Fabric

Developers, business developers, customers, users,

**Creation and expression:**
Chatbots
Physical robotics
Low code platforms

**Automation Fabric:**
Robotic Process Automation
Digital Process Automation
Document intelligence
Integration platforms (iPaaS)
ETL tools

Process intelligence
Machine learning workloads
Analytics-based workflows
Prebuilt e2e automated processes
Robotics platforms

Enterprise applications
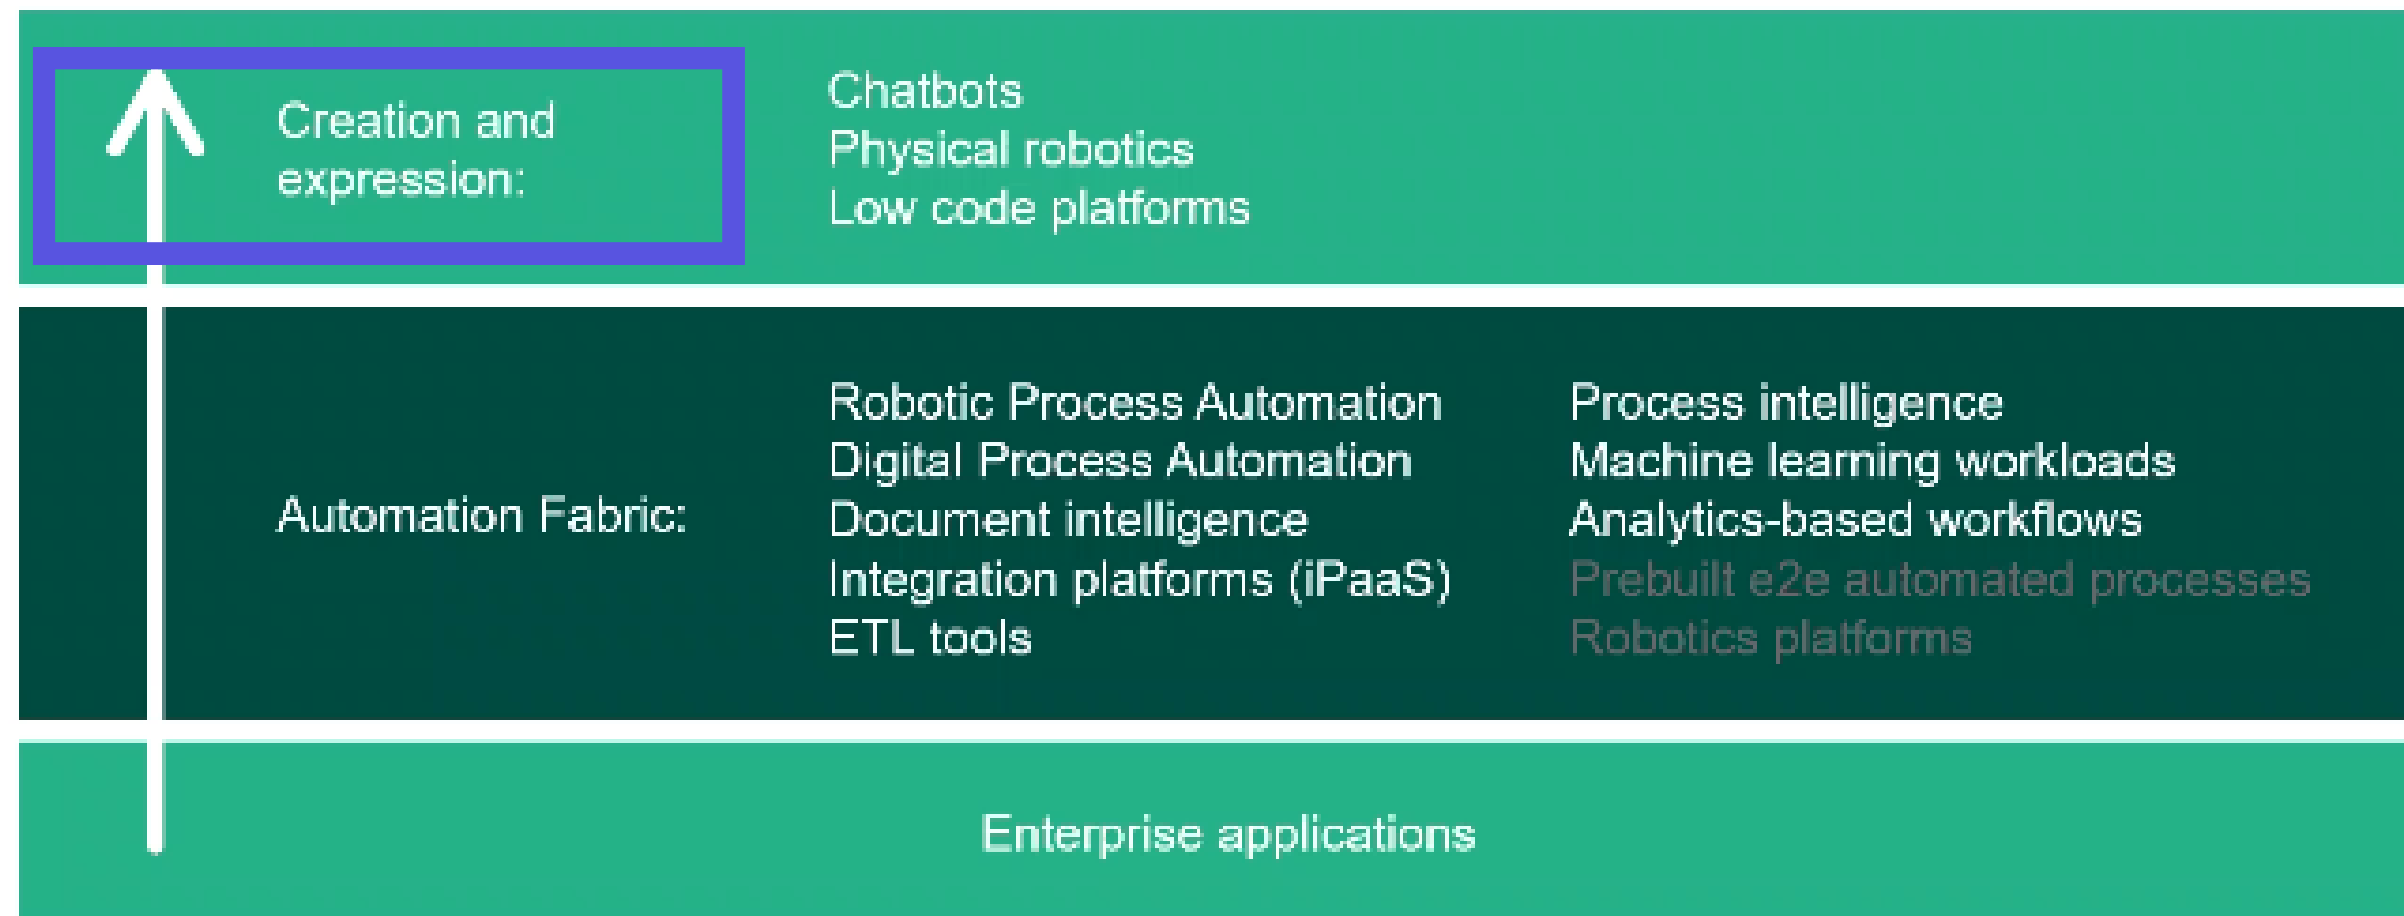

# What are you expressing?

# Breakout

**10 mins**
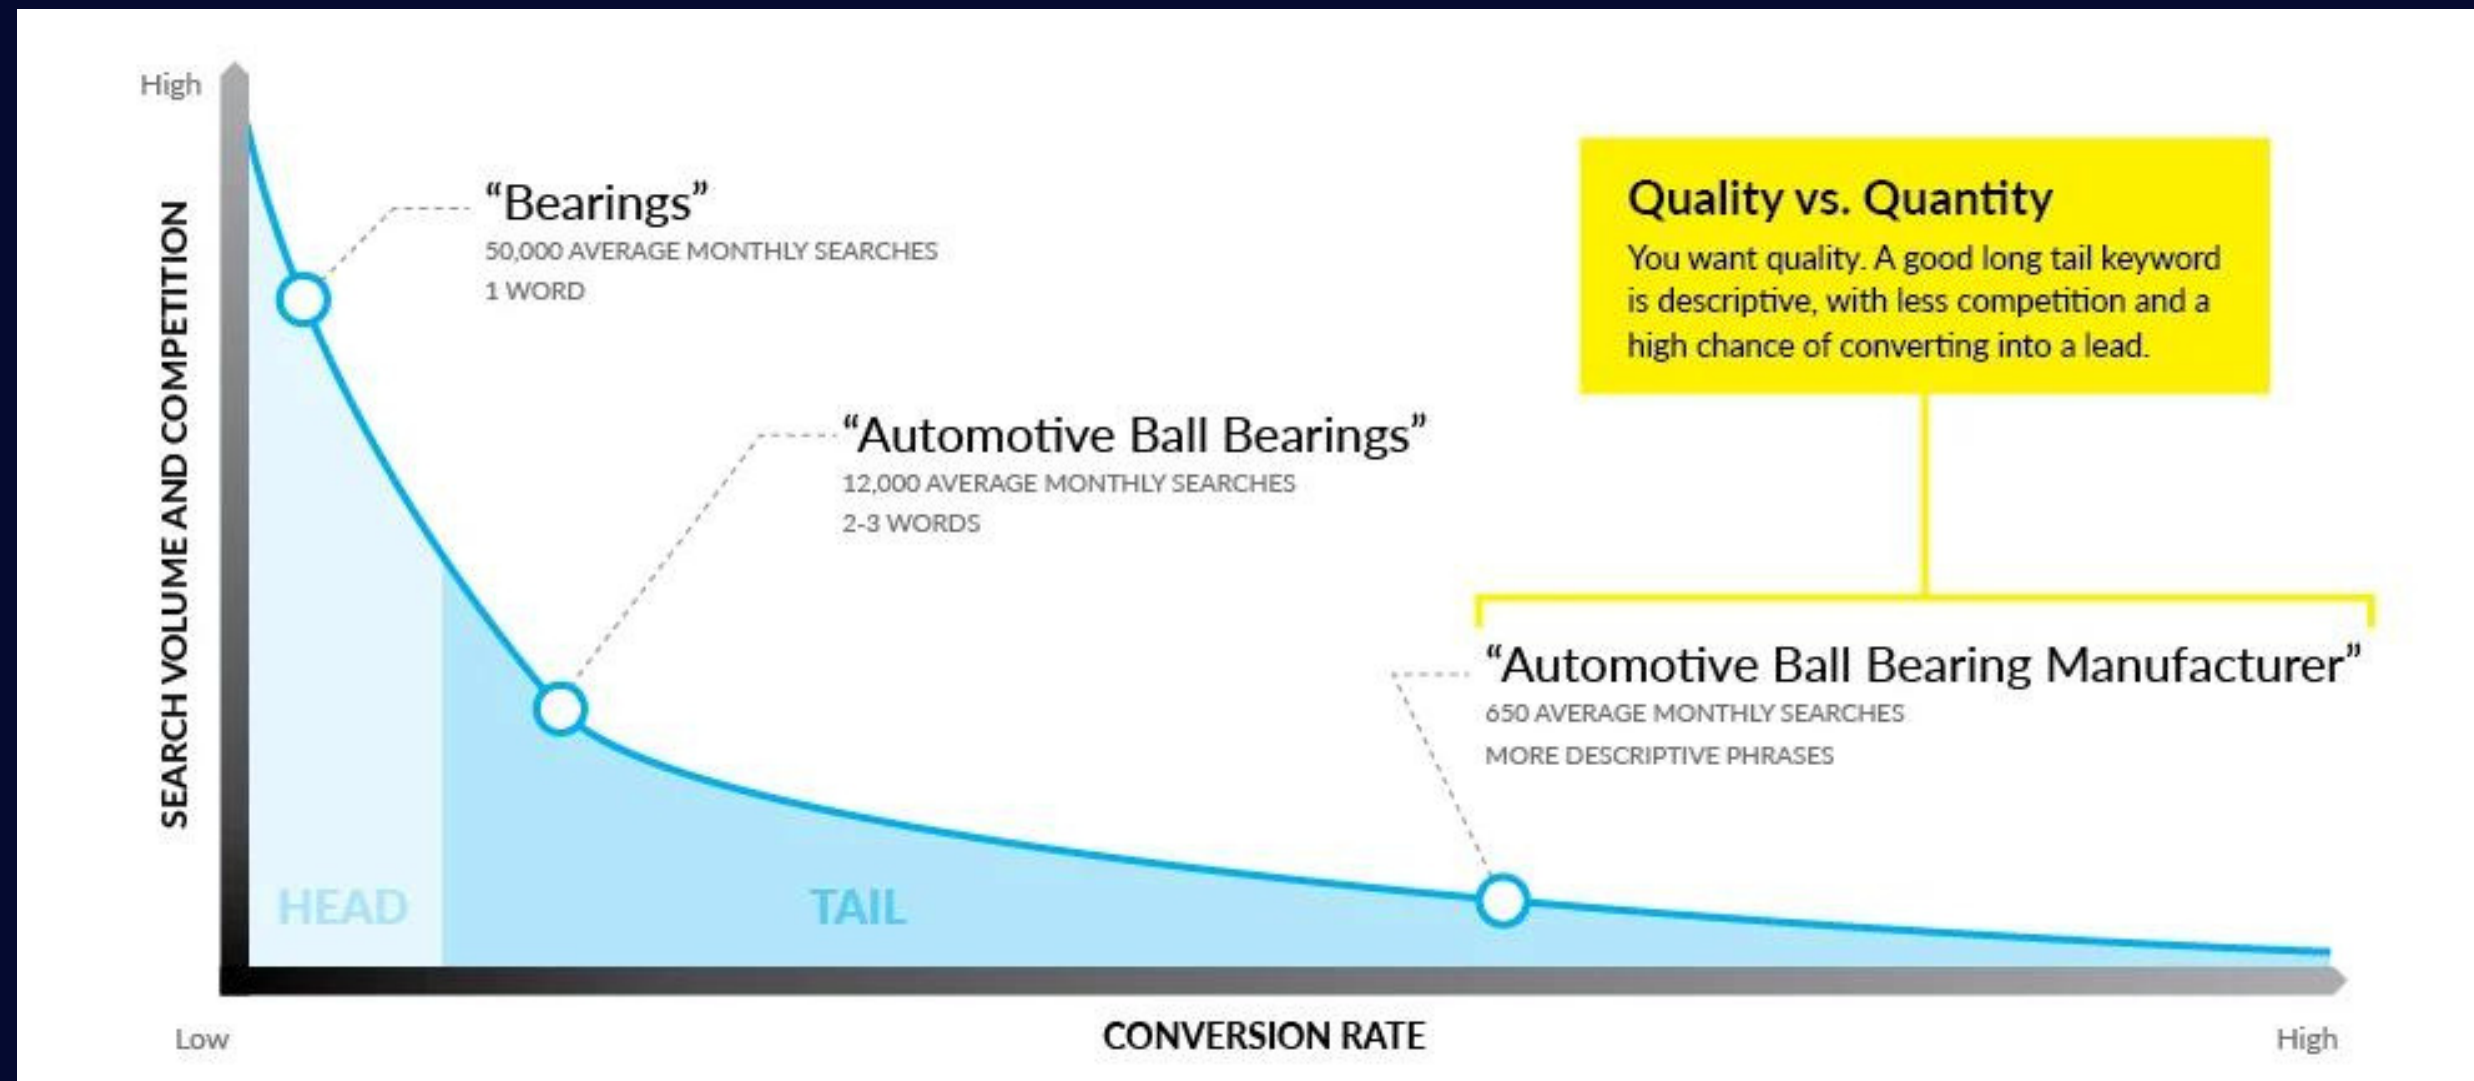

Greet & receive feedback on your thoughts on Automation.

# Looking Ahead
Add your inputs to the   Digital wall

**5mins**      Next session

What would you like to discuss as part of the next session - ⚒Tools and   Trends?

# Thank You
